

Sample Material Rules for German Customs

PLEASE READ FIRST:

Due to repeated issues with German Customs, we are issuing these clear guidelines. Failure to comply results in the package getting stuck at Customs and high customs fees. We request you send a draft of the proposed invoice for authorization by your MHP representative before shipment. Thank you!

MHP can not claim materials from customs that do not comply with these guidelines.

Invoice + Delivery Note with Packing List:

- 1 physical copy inside the package
- 1 physical copy attached on the outside of the package
- 1 digital copy sent to MHP representative
